

Short-Term Scientific Mission

Announcement for Grant Period 3 (May 2016 - April 2017)

Title

Improving methods for tinnitus-matching in patients with noise-like tinnitus

Host

University Hospital Regensburg,
Department for Psychiatry and Psychotherapy,
Regensburg,
Germany

Supervisors of the STSM

PD Dr. Berthold Langguth, Dr. Martin Schecklmann,
Dr. Winfried Schlee

Goal of the STSM

Primary goal: Setting up a system for tinnitus-matching in patients with noise-like tinnitus. The system should be equipped with haptic control by the patients.

Secondary goal: Testing the matching procedure in a study on auditory stimulations for treating tinnitus.

What the STSM host offers

- multidisciplinary team from psychiatry, psychology and ENT
- large database of clinical tinnitus data

Requirements for the grantee

- Digital sound modeling and interfacing
- Experience with experimental designs in auditory stimulations studies

Duration: 3 weeks

best time: january / february 2017

How to get in contact with the STSM Host
winfried.schlee@tinnitusresearch.org

How to apply for the STSM
Please contact the host first.

After completion of the STSM the grantee is required to submit a scientific report (3-4 pages) on the visit within 30 days after end of the stay. Please submit the report to the STSM coordinator: malgorzata.wrzosek@amu.edu.pl
