Berlin, June 2017

## Short-Term Scientific Mission WG2: Database Announcement for Grant Period 4 (May 2017 - April 2018)

### Title

Aging and tinnitus: exploring the interrelations of age, tinnitus symptomatology, health and quality of life with a large tinnitus database

### Host

Charité- University Hospital of Berlin  
Tinnituscenter  
Charitéstr. 1  
D-10117 Berlin  
Germany

### Supervisors of the STSM

Prof. Dr. Birgit Mazurek,  
Dr. Petra Brüggemann

### Goal of the STSM

The primary goal of the mission is to gain insights about the role of aging in the tinnitus population. Of special interest are putative protective and stabilization processes in healthy aging in a large tinnitus cohort as well as possible predictors for intervention outcomes.

Goal 1: Selection and evaluation of data from the international tinnitus database. Refinement of the research question(s)

Goal 2: Multilevel and/or data-driven analysis according to the research question(s)

Goal 3: Manuscript preparation for possible publication

### What the STSM host offers

- Multidisciplinary team with experience in clinical research of tinnitus
- Conceptual and technical supervision of the analysis

### Requirements for the grantee

- Background in statistics and (clinical) tinnitus research. Self-reliant working style

Duration: 2weeks

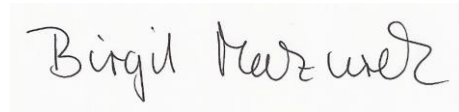

Best time: September 11<sup>th</sup> – 22<sup>nd</sup>, 2017

How to get in contact with the STSM Host  
birgit.mazurek@charite.de

How to apply for the STSM

Please contact the host first. Details: <http://tinnnet.tinnitusresearch.net/index.php/research-events/stsms>

After completion of the STSM the grantee is required to submit a scientific report (3-4 pages) on the visit within 30 days after end of the stay. Please submit the report to the STSM coordinator:
