

Short-Term Scientific Mission

Announcement for Grant Period 4 (May 2017- April 2018)

Title

Clinical Assessment of Tinnitus Patients: Development, evaluation and implementation of clinical standards

Host

University Hospital Regensburg,
Department for Psychiatry and Psychotherapy,
Regensburg,
Germany

Supervisors of the STSM

Prof. Dr. Berthold Langguth, Dr. Martin Schecklmann

Goal of the STSM

The mission will enable the visiting (clinical) researcher to gain experience, in-depth insight, and background knowledge of standardized clinical assessment of Tinnitus Patients in a specialized Tinnitus Center. Final goal of the STSM is to translate the questionnaire set to the Portuguese language.

What the STSM host offers

- long lasting experience in clinical assessment of Tinnitus patients
- established / standardized clinical assessment
- weekly consultation hours for Tinnitus patients

- multidisciplinary team from psychiatry, psychology and ENT

Requirements for the grantee

- basic experience with the diagnosis and treatment of tinnitus patients
- proficiency in the Portuguese language

Duration: 1-3 weeks

best time: September 2017

How to get in contact with the STSM Host

susanne.staudinger@tinnitusresearch.org

How to apply for the STSM

Please contact the host first. If both sides agree, please fill in the application form that you can request from Susanne Staudinger:

Susanne.Staudinger@medbo.de.

After completion of the STSM the grantee is required to submit a scientific report (3-4 pages) on the visit within 30 days after end of the stay. Please submit the report to the STSM coordinator: malgorzata.wrzosek@amu.edu.pl
